- Questions & Photos

Regina Sailing Club

The RV of Saskatchewan Beach has been the home of the Regina Sailing Club for almost 50 years. The club's objective is to encourage and promote sailing in the Regina Area. With the assistance of Village Council, the club is working to raise their profile in the village and attract more potential sailors.

Mark your calendar for the upcoming 2022 club sailing season events:

- **May 15** - Open House to show the club site club house and meet the sailors
- **June 18-19** - The club is hosting the 2022 Saskatchewan Provincial Regatta (two days of dinghy races). Approximately 25 boats are expected to compete over both days. View this from the beach or from the deck of the sailing club. All are welcome.
- **July 1** - A repeat of the very successful 2021 Canada Day BBQ
- **July 18-22** - The annual Learn to Sail Week instructed by Sail Canada Instructors
- Wednesday Evening Club Races.

Details to follow and in the meantime checkout progress on the club website at www.sailregina.ca.

Spring 2022 CiB Planter Pots

The CiB (Communities in Bloom) theme to inspire you this year is "Year of the Garden". To assist with planning, please contact the Village Office at saskbeach@sasktel.net or (306) 729-4410 to advise whether you want to keep your 2021 planter pot or to sign up for your first time pot.

The University of Saskatchewan offers gardeners public webinars, free gardening advice, a Master Gardener Newsletter, and more. The webinars/classes start at \$20 for a 2-hour live-stream class and there are free classes once or twice a month. Check it out at gardening.usask.ca - USask - College of Agriculture and Bioresources - University of Saskatchewan.

To consider the benefits of a Regina Horticultural Society membership go to <https://www.reginahortsociety.ca>.

Gardening Opportunities

The RV of Saskatchewan Beach is aiming to amplify efforts to green-up and beautify the village. Your help is needed. No special expertise is required and you won't need to work alone. Upcoming projects include creation of a rock garden starting with landscaping, planting, to nurturing; care for the community plant plots; and planting and caring of trees.

In a sector such as ours where there is often more work than we have staff to do it, volunteers make a significant and valuable contribution. For example, last year, community volunteers made a difference by painting and sprucing up the "Welcome to Saskatchewan Beach" signs and the boat launch rails.

Meet new people and maybe learn or teach a few gardening tips! Express your individual interest or signup with a friend or family member by contacting the Village Office at (306) 729-4410 or saskbeach@sasktel.net.

Storing Garbage & Recycling Carts

Carts should be put away on non-pickup days. Pull your carts back onto your property by 7 p.m. on your collection day. Only put your carts out as needed on pickup days. Ask a neighbour or help a neighbour if needed to help keep carts off the roadside on non-pickup days 😊

Library Cards

Cozy up with a new book, magazine, a movie, music, and more. Explore the e-Books & eAudiobooks! Contact the Municipal Office for further information and an application for your Free Library Card.
